

TRAFFIC MANAGEMENT PLANS

From design, to manufacture, all we will require is:

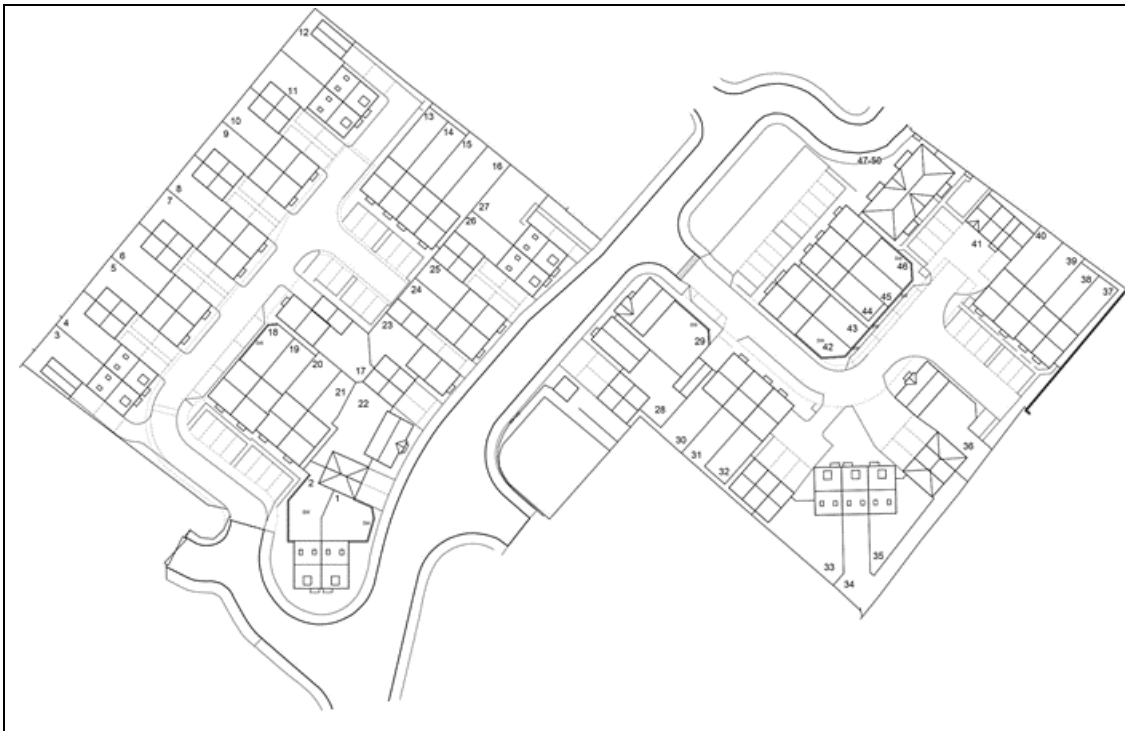

A fully layered pdf site copy plan.

Whilst we do need an original site outlay, it's always useful to have a scanned copy, marked with areas of importance and areas you wish to eliminate, so that we can get the proof right 1st time.

We will turn off all unnecessary layers, to leave a basic plan.

We need a HIGH res copy of your company jpeg logo or vector.

We need the development name and address

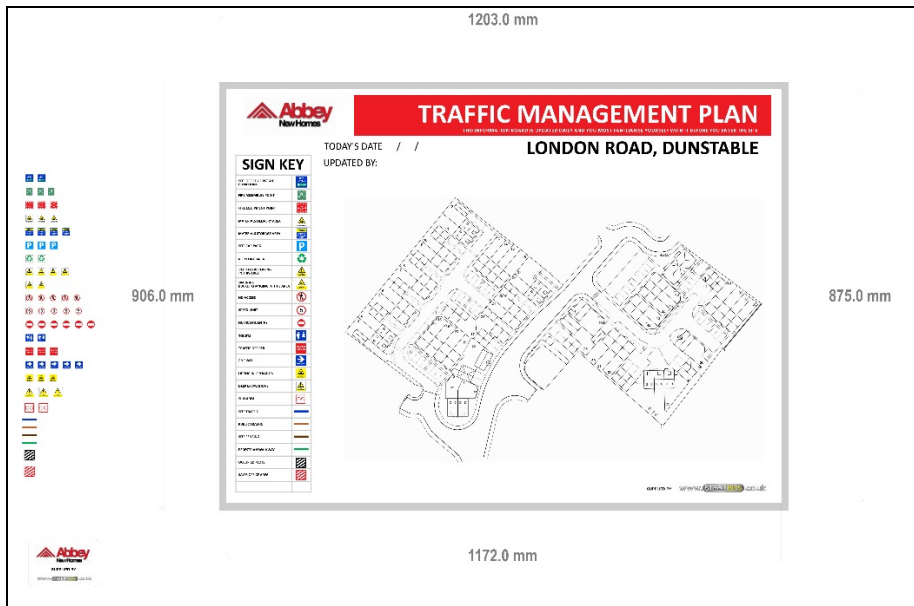

TRAFFIC MANAGEMENT PLAN

THIS INFORMATION BOARD IS UPDATED DAILY AND YOU MUST FAMILIARISE YOURSELF WITH IT BEFORE YOU ENTER THE SITE

TODAY'S DATE / /

LONDON ROAD, DUNSTABLE
